ABOUT US

Bellcrest Telecom evolved from a purely sales, service and Phone System installation business established for over 20 years.

A few years ago our founder was looking for a way to make additional recurring income that didn't require capital intensive input and niche technical skills. He founded Bellcrest Telecom and never looked back.

Trustworthy, responsive and expert all-in-one Telco Solution provider to businesses around Australia

PHONE SYSTEMS & HOSTED PBX

Our Bellcrest Telecom Premium Connect Cloud based Phone System is the perfect cost effective solution for small to medium businesses.

Utilising the VoIP platform reduces your communication costs, while providing you with a feature rich phone system usually reserved for large businesses at an affordable price. Hosted PBX plans range from low-usage plans through to included local, national and mobile calling plans.

You will no longer need a phone system installed at your premise and our Hosted PBX allows you the flexibility, ease of use and cost effectiveness.

BELLCREST PREMIUM UC APPLICATIONS

UC-One Communicator Office + Mobile App

Ideal for business professionals who collaborate in cross-functional, distributed, or global organizations, Communicator lets you quickly find colleagues, start a voice or video call, share files and screens, and even seamlessly move your call with you to another device.

IP Tel Receptionist Console

The Receptionist is an attendant console for receptionists or telephone attendants who manage and screen inbound calls for enterprises.

Automatic Call Recording

Records captures all incoming and outgoing, internal and external calls. Recordings are sent to a web-portal as standard and can be filtered via date/time and caller ID.
